

New Town Vanarsdal Skeena River

B.C. Oct 22nd 1912.

Dear Sir:-

I received a letter from Indian Rights Associations of B.C. of which C.M. Tate is Secy. which reads as follows.-

I have no report from Commissioner McKenna yet. but public opinion is growing stronger in favor of the Indians. and good progress is being made.

Let me know what you think of holding a meeting at Vancouver, sometime before Christmas to talk over the situation.

Yours truly,

C.M. Tate.

Secy.

I am writing to C.M. Tate. regarding the matter.

Asking him what situation is there to be talked over before we get the reply from J.A.J. McKenna, but for him to write to me. if he discover another important thing why we should hold a meeting at Vancouver.

I will again write to you soon as I receive a reply from C.M. Tate. regarding this question.

Be always ready in case something might spring up. A good progress has been made by our good friend.

Commissioner McKenna will win the battle. The public opinion is growing stronger in favor of the Indians.

The Skeena River Indians address presented to the Governor General almost the same as the North Vancouver Chief's address.

With kind regards to you all.

Yours truly

Louis Edgar.

Chairman of Kitselas.

Council.
